

AUGHER PLAYING FIELDS ASSOCIATION : Trustees Annual Report 2021

The Augher Playing Fields Association is registered as a charity with the Charity Commission for Northern Ireland, charity number 103253.

The principal objective of the Trustees is set out in the Augher Playing Fields Association's Constitution, it's governing document. The Trustees have a full understanding of the requirement to meet the criteria of their own Benefit Statement, and to fulfil this requirement to provide Benefit to the public. This can be summarised as taking action, making decisions and judgements, as reason and prudence permits, to supply and make recreational space for the use of all in the community, to help promote amateur sport and improved community relations, to reduce social isolation, and to ensure there is no harmful effect from the provision of the same.

The work of the Trustees this year has been to manage the upkeep of the Football pitch and surrounding area to a satisfactory standard. To promote the continued and popular use of the adjoining MUGA pitch, the Association purchased a set of portable steel MUGA goalposts to be used by the community, and the increased numbers using the facility, the continued use of the football pitch and Riverwalk meet the principal objectives of the Association.

Financial summary.

Income	£ 6,94
