

## NICC Trustees Report April 2023 to March 2024.

This was a difficult year for the Charity as finances are being squeezed everywhere. Our shop continued through these difficult times and managed to keep afloat. Fuel costs and electricity costs have risen, and this was an added pressure on the charity. We found that we had to cut back on the amount of patient transfers that we did as we had to work with limited income. Going forward we plan to increase fundraising to ensure that we can continue to service those in need.
