All directors give of their time freely and no director received remuneration in the year.

The pay of the senior staff is reviewed annually in accordance with available benchmarking information through NI Council for Voluntary Action (NICVA) and is aligned to the published NJC Scales. In view of the nature of the charity, the directors also benchmark against pay levels in other similar size charities run on a voluntary basis. The remuneration bench-mark is the mid-point of the range paid for similar roles.

Organisation structure and how charity makes decisions

The board of trustees, which can have up to 15 members, administers the charity. The board normally meets quarterly and there is a sub-committee covering finance which normally meets quarterly, and on an ad hoc basis where necessary. To facilitate effective operations, the Chief Executive has delegated authority, within terms of delegation approved by the trustees, for operational matters including finance, employment and direct charitable activities.

Achievements and performance

During the year of 2023-2024 Cause continued to work towards the delivery of our range of services, providing mental health carers with practical and emotional support by enhancing their knowledge, skills and resilience as carers, and thereby work towards the strategic goals agreed for the period. The organisation continues to raise awareness of the significant caring roles undertaken by mental health carers and the need for carer involvement in service development and planning.

These high level goals were monitored and managed through advocacy and support service delivery to carers Regionally across Northern Ireland, and through specific Service Level Agreements with the Belfast Health & Social Care Trust, the Southern Health and Social Care Trust, the South Eastern Health and Social Care Trust and the Western Health and Social Care Trust.

In addition to the core work activities of Carer Advocacy and support, CAUSE Carer Advocates and the wider staff team ensured that carers could avail of respite activities and take a break with recreational and learning based activities co-ordinating social events for carers throughout the year. Psycho educational training continues to be delivered and the organisation

Cause NI continues to ensure the needs and views of those carers who are caring for loved ones with serious mental illness are represented at a wide range of appropriate policy, strategic partnerships and decision making fora.

At the end of the financial year to 31 March 2024 CAUSE is in a position with a surplus of £11,281 (2023: Deficit of £21,478)

Income during 2023/24 was £518,756 (2022/23: £434,696). The major income streams during the year comprised of £460,510 (2022/23: £390,325) from Charitable Activities; £1,226 (2022/23: £1,886) from Trading Activities and £30,278 (2022/23: £28,349) from Other Income.

Charitable Activities main income streams are from Health Care Trusts, DHSS&PS(NI), The Community Foundation NI for carers & mental health, CLEAR and Garfield Weston. Trading activities comprise of money received from membership fees.

Other Income consists mainly of respite funding, this is mainly funded from the Belfast Health & Social Care Trust, South Eastern Health and Social Care Trust, Southern Health and Social Care Trust and the Western Health and Social Care Trust. Details of all income streams are detailed in the Statement of Financial Activities and notes 5-9 of the accounts.

Expenditure for the year amounted to £507,475 (2022/23: £456,174). Expenditure is used to deliver CAUSE's strategic objectives through Service Level agreements with Health Trusts and other project work undertaken.

Capital Investment

During the financial year £619 was spend on capital investment for Office Equipment.

The trustees, having regard to the liquidity requirements of the charity, have kept available funds in an interest-bearing deposit account.

Reserves policy and going concern

Reserves are needed to bridge the timing gap between spending and receiving income and to cover unplanned temporary shortfalls in income should they arise. Holding adequate reserves safeguards the provision of our services in the event of unexpected significant financial pressures. The trustees consider that the ideal level of reserves are between three to six months of unrestricted expenditure which for the year ended 31 March 2024 is between £126,869 and £253,737.

Unrestricted reserves freely available to spend are £309,650. This level of reserves is in excess of the target level required as outlined above. The trustees believe this represents a sufficient level of reserve to ensure that the going concern assumption is appropriate.

Plans for future periods

The organisation continues to strategically plan taking into account the major developments in our wider sector. Objectives for the period are set to ensure that the organisation continues to maintain and develop a contemporary, relevant and sustainable service to our carers, particularly taking account the DOH 10Year Mental Health Strategy 2021-2031.
