The financial statements were approved and authorised for issue by the Trustee on 02 December 2025 and signed on their behalf by:

Signed by:

 6C08B2BD6C0B44E...
Cleaver Fulton Rankin Trustees Limited
 (Trustee)

The notes on pages 9 to 15 form part of these financial statements.

Notes to the financial statements

For the year ended 30 June 2025

1. General information

The McClure Fund is an unincorporated trust. Its principal office is 50 Bedford Street, Belfast, BT2 7FW, and it has a charity registration number of 103781.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements are prepared on a going concern basis, under the historical cost convention unless otherwise noted in the accounting policies below. They have been prepared in accordance with applicable law and accounting standards issued by the Financial Reporting Council, including FRS102 “The Financial Reporting Standard Applicable in the UK and Republic of Ireland” (“FRS102”), and the Statement of Recommended Practice – Accounting and Reporting by Charities, effective 1 January 2019 (“SORP”).

The financial statements are prepared in sterling (£).

The McClure Fund constitutes a public benefit entity as defined by FRS 102.

2.2 Going concern

The trustees have assessed that The McClure Fund has adequate resources to meet the ongoing costs of the entity for a minimum of 12 months from the date of signing the financial statements. For this reason the financial statements have been prepared on a going concern basis which presumes the realisation of assets and liabilities in the normal course of business.

2.3 Income

Income arises from dividends and interest on investments, as well as the proceeds from the periodic disposal of investment held.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

Investment income is included when receivable.

2.4 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset’s use.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the trust.

All expenditure is inclusive of irrecoverable VAT.

Notes to the financial statements

For the year ended 30 June 2025

2. Accounting policies (continued)

2.5 Investments

Fixed asset investments are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at fair value at the Balance sheet date, unless the value cannot be measured reliably in which case it is measured at cost less impairment. Investment gains and losses, whether realised or unrealised, are combined and presented as 'Gains/(Losses) on investments' in the Statement of financial activities.

2.6 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

2.7 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the Trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the Statement of financial activities as a finance cost.

2.8 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustee in furtherance of the general objectives of the Trust and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Trust for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

Notes to the financial statements

For the year ended 30 June 2025

3. Critical accounting estimates and areas of judgement

Estimates and judgements are required when applying accounting policies. These are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The trust makes estimates and assumptions concerning the future, which can involve a high degree of judgement or complexity. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

Fair value of investments

Uses various valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. The trustee bases its assumptions on observable data as far as possible but this is not always available. In that case, management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

4. Investment income

	Restricted funds 2025 £	Total funds 2025 £
Listed investments	492	492
Total 2025	492	492

	Restricted funds 2024 £	Total funds 2024 £
Listed investments	315	315
Total 2024	315	315

Notes to the financial statements

For the year ended 30 June 2025

5. Analysis of expenditure on charitable activities

Summary by fund type
