## Notes to the financial statements for the year ended 31 December 2025

### 1 Accounting policies

Set out below are principal accounting policies which have been adopted in the compilation of the Receipts and Payments Account and the Statement of Assets and Liabilities.

#### (a) Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipts basis.

#### (b) Statement of Assets and Liabilities

##### (i) Assets retained for the Parish's own use

The assets of the Parish, retained for its own use comprise:-

- Church Building and Graveyard
- Parish Centre
- Glebe House

The Church Building and Graveyard are deemed to be Heritage assets as defined by the Charities SORP (FRS102).

These Heritage assets are not included in the statement of assets and liabilities as information on the cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the Parish.

The Parish Centre

- Was rebuilt in 2000. There are no reliable records of the cost of this construction and valuation approach for such a building lacks sufficient reliability. As a result this building is not recognised in the Parish Statement of Assets and Liabilities.

Glebe House is recognised at the current market value of £385,000, based on the formal valuation carried out by Chris Murtagh MRICS Chartered Surveyor in March 2025. No depreciation has been provided on the Glebe House as the current estimated residual value is not less than its carrying value and the remaining useful life currently exceeds 50 years.

##### (ii) Investments

Fixed asset investments comprising investment in RCB Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date.

## Notes to the financial statements for the year ended 31 December 2024

### 1 Accounting policies

Set out below are principal accounting policies which have been adopted in the compilation of the Receipts and Payments Account and the Statement of Assets and Liabilities.

#### (a) Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipts basis.

#### (b) Statement of Assets and Liabilities

##### (i) Assets retained for the Parish's own use

The assets of the Parish, retained for its own use comprise:-

- Church Building and Graveyard
- Parish Centre
- Glebe House

The Church Building and Graveyard are deemed to be Heritage assets as defined by the Charities SORP (FRS102).

These Heritage assets are not included in the statement of assets and liabilities as information on the cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the Parish.

The Parish Centre

- Was rebuilt in 2000. There are no reliable records of the cost of this construction and valuation approach for such a building lacks sufficient reliability. As a result this building is not recognised in the Parish Statement of Assets and Liabilities.

Glebe House is recognised at the current market value of £385,000, based on the formal valuation carried out by Chris Murtagh MRICS Chartered Surveyor in March 2025. No depreciation has been provided on the Glebe House as the current estimated residual value is not less than its carrying value and the remaining useful life currently exceeds 50 years.

##### (ii) Investments

Fixed asset investments comprising investment in RCB Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date.

## Notes to the financial statements for the year ended 31 December 2023

### 1 Accounting policies

Set out below are principal accounting policies which have been adopted in the compilation of the Receipts and Payments Account and the Statement of Assets and Liabilities.

#### (a) Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipts basis.

#### (b) Statement of Assets and Liabilities

##### (i) Assets retained for the Parish's own use

The assets of the Parish, retained for its own use comprise:-

- Church Building and Graveyard
- Parish Centre
- Glebe House

The Church Building and Graveyard are deemed to be Heritage assets as defined by the Charities SORP (FRS102).

These Heritage assets are not included in the statement of assets and liabilities as information on the cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the Parish.

The Parish Centre

- Was rebuilt in 2000. There are no reliable records of the cost of this construction and valuation approach for such a building lacks sufficient reliability. As a result this building is not recognised in the Parish Statement of Assets and Liabilities.

Glebe House is recognised at the current market value of £350,000, based on the formal valuation carried out by Hannath Estate Agents in September 2022. No depreciation has been provided on the Glebe House as the current estimated residual value is not less than its carrying value and the remaining useful life currently exceeds 50 years.

##### (ii) Investments

Fixed asset investments comprising investment in RCB Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date.

## Notes to the financial statements for the year ended 31 December 2022

### 1 Accounting policies

Set out below are principal accounting policies which have been adopted in the compilation of the Receipts and Payments Account and the Statement of Assets and Liabilities.

#### (a) Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipts basis.

#### (b) Statement of Assets and Liabilities

##### (i) Assets retained for the Parish's own use

The assets of the Parish, retained for its own use comprise:-

- Church Building and Graveyard
- Parish Centre
- Glebe House

The Church Building and Graveyard are deemed to be Heritage assets as defined by the Charities SORP (FRS102).

These Heritage assets are not included in the statement of assets and liabilities as information on the cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the Parish.

The Parish Centre

- Was rebuilt in 2000. There are no reliable records of the cost of this construction and valuation approach for such a building lacks sufficient reliability. As a result this building is not recognised in the Parish Statement of Assets and Liabilities.

Glebe House is recognised at the current market value of £350,000, based on the formal valuation carried out by Hannath Estate Agents in September 2022. No depreciation has been provided on the Glebe House as the current estimated residual value is not less than its carrying value and the remaining useful life currently exceeds 50 years.

##### (ii) Investments

Fixed asset investments comprising investment in RCB Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date.
