

We had a fantastic school year as a PTA enjoying different events with our pupils, parents and teachers.

On 1st Dec 23 we held a second hand stall of books and toys in school. All the pupils really loved getting to choose and pay for their own items. P7 pupils ran the stalls and absolutely loved having a role to play and were excellent with all the younger children. It was a very successful event.

Our school Christmas fair which was very well attended was held on 13th Dec 2023. We had a Santa Grotto, crafts, Photo Booth, refreshments and stalls. It was a very successful evening in bringing together our pupils, parents and staff as well as raising a lot of funds for the school. The PTA also organised a Christmas party for our pupils with music, games and snacks. The children absolutely loved this.

Before half term in February 24 we organised a 'Half Term Hooley,' with a DJ and snacks for pupils. It was amazing to see so many pupils attend and have so much fun together.

We ran a competition with pictures of staff when they were children and pupils had to guess who each person was, this was a fun competition which raised some more funds for our PTA.

Our summer fair on 20th June 24 included outdoor games, face painting, candy floss, inflatables, stalls and more. This was another very well attended event and greatly enjoyed by pupils and parents. It was another fantastic opportunity to raise funds for our school.

Our focus in spending will remain on ICT equipment for our school and we expect to be in the position during the next financial year to be able to support our school with the provision of additional IT equipment.
