Dungannon District Masonic Charity Committee

Trustees' Annual Report For the year ended 31December 2023 **Charity no. 104606**

The Committee made the decision to return to donating a large portion of their income in 2023 to the Victoria Jubilee and Welfare fund Fund because of the demands placed upon the local Provincial Grand Lodge Benevolent had lessened as a direct result of the ending of the pandemic.

Financial position has been maintained in accordance with guidelines as set out in our constitution.

The work of Dungannon Masonic District Charity Committee is only possible with the support of the various Masonic bodies within the Masonic Province of Tyrone and Fermanagh who continue to support us year after year and to whom we are indebted.

Public Benefit

Purpose One: The direct benefits which flow from this purpose include an improved standard of living and greatly reduced levels of stress and anxiety not only for the recipient but also for the recipient's dependents. These benefits are demonstrated through feedback from the recipients and those directly involved in administering the funds. This purpose does not lead to harm. The beneficiaries of this purpose are Freemasons, their wives, children and families and the families and widows of deceased Freemasons whether situated in Ireland or Overseas. There is no private benefit from this purpose.

Purpose Two: The direct benefits which flow from this purpose include: improved health and well-being outcomes, reduced levels of poverty, stress and anxiety and building confidence which will help circumstances and opportunities. These benefits are demonstrated through feedback from beneficiaries through Lodge almoners, and evaluation of our activities. There is no harm anticipated from this purpose. The charity's beneficiaries are primarily, but not exclusively the widows and families of deceased Freemasons and distressed Freemasons and their families living within or beyond the area falling under the jurisdiction of the Grand Lodge of Ireland using the rules and regulations of the governing bodies of the Victoria Jubilee Masonic Benevolent Fund, The Masonic Welfare Fund and the Tyrone and Fermanagh Provincial Local Benevolent Fund. There is no private benefit from this purpose.

Purpose Three: The direct benefits which flow from this purpose include (1) a better understanding of medical conditions and diseases and improved treatments. These benefits are demonstrated through new and improved treatments and procedures being used by our medical professionals. In implementing any new procedure or treatment there will always be a potential for harm through unintended side effects however the potential benefits will outweigh the risk of harm. The beneficiaries are persons carrying out Medical Research in Ireland. There no private benefit from this purpose. (2) Alleviating the distress being suffered by a child who through illness or injury has been brought to a hospital emergency department. When the child is less distressed the parent or guardian benefits, the staff in turn benefit by being able to treat the child more easily and more quickly which then means that other patients benefit by not having to wait as long as they might have. These benefits are demonstrated through feedback from parents, guardians, hospital staff and other patients. This purpose does not lead to harm. The beneficiaries of this purpose are children attending hospital emergency departments in Ireland in a distressed state and who in the opinion of staff would benefit from being given a teddy. There is no private benefit from this purpose.

Compliance with Public Benefit

The Charity has considered the Charity Commission for Northern Ireland's guidance on Public Benefit to ensure that the activities entered into during the year have helped to achieve the Charity's objectives and activities , as well as providing public benefit.

- By contributing £200.00 to the Grand Master's Ukraine Appeal.

The committee at all times have had regard for the Public Benefit Guidance as issued by the Charity Commission(NI) in all decisions where the guidance was relevant.

The Committee again made the decision to donate a large portion of their income in 2022 to the Masonic Benevolent Fund because of the demands placed upon the fund as a direct result of the pandemic.

Dungannon District Masonic Charity Committee

Trustees' Annual Report For the year ended 31December 2022 **Charity no. 104606**

Financial position has been maintained in accordance with guidelines as set out in our constitution.

The work of Dungannon Masonic District Charity Committee is only possible with the support of the various Masonic bodies within the Masonic Province of Tyrone and Fermanagh who continue to support us year after year and to whom we are indebted.

Public Benefit

Purpose One: The direct benefits which flow from this purpose include an improved standard of living and greatly reduced levels of stress and anxiety not only for the recipient but also for the recipient's dependents. These benefits are demonstrated through feedback from the recipients and those directly involved in administering the funds. This purpose does not lead to harm. The beneficiaries of this purpose are Freemasons, their wives, children and families and the families and widows of deceased Freemasons whether situated in Ireland or Overseas. There is no private benefit from this purpose.

Purpose Two: The direct benefits which flow from this purpose include: improved health and well-being outcomes, reduced levels of poverty, stress and anxiety and building confidence which will help circumstances and opportunities. These benefits are demonstrated through feedback from beneficiaries through Lodge almoners, and evaluation of our activities. There is no harm anticipated from this purpose. The charity's beneficiaries are primarily, but not exclusively the widows and families of deceased Freemasons and distressed Freemasons and their families living within or beyond the area falling under the jurisdiction of the Grand Lodge of Ireland using the rules and regulations of the governing bodies of the Victoria Jubilee Masonic Benevolent Fund, The Masonic Welfare Fund and the Tyrone and Fermanagh Provincial Local Benevolent Fund. There is no private benefit from this purpose.

Purpose Three: The direct benefits which flow from this purpose include (1) a better understanding of medical conditions and diseases and improved treatments. These benefits are demonstrated through new and improved treatments and procedures being used by our medical professionals. In implementing any new procedure or treatment there will always be a potential for harm through unintended side effects however the potential benefits will outweigh the risk of harm. The beneficiaries are persons carrying out Medical Research in Ireland. There no private benefit from this purpose. (2) Alleviating the distress being suffered by a child who through illness or injury has been brought to a hospital emergency department. When the child is less distressed the parent or guardian benefits, the staff in turn benefit by being able to treat the child more easily and more quickly which then means that other patients benefit by not having to wait as long as they might have. These benefits are demonstrated through feedback from parents, guardians, hospital staff and other patients. This purpose does not lead to harm. The beneficiaries of this purpose are children attending hospital emergency departments in Ireland in a distressed state and who in the opinion of staff would benefit from being given a teddy. There is no private benefit from this purpose.
