Activities

Purposes: The Charity's objects ("Objects") are specifically restricted to the following:- (1) To advance the education of the public in architecture and the built environment by: (i) raising awareness, understanding and appreciation of architecture and its related disciplines and their importance to each person's individual, social and community life; (ii) undertaking or encouraging others to undertake research and community consultations and making public the useful results of such research and consultations. (2) To advance the art and science of architecture and related disciplines by: (i) advocating for excellence and promoting best practice in architecture and the built environment; (ii) promoting inter-professional co-operation in planning, urban design, architecture, landscape design and other related disciplines; (iii) encouraging and fostering active engagement and collaboration between environment professionals, communities, artists, government and public authorities and agencies and other stakeholders; (iv) developing networks to exchange and advance knowledge and providing a platform for critical debate. (3) To promote civil society and community development by: (i) encouraging and fostering public participation wherever possible in consultation and decision-making processes relating to the built environment; (ii) supporting the concept of community through the built environment; (iii) providing assistance to community groups and organisations with regard to the development and improvement of their built environment.
