Structure, Governance, and Management

Governing Document and Constitution

The Society is a charity and is governed by a constitution adopted January 2011 this is publically available at from the Glór Uachtar Tíre office in Castlewellan. The Society is run entirely by its Management Committee who meet quarterly to manage it. The group is facilitated by three people on a part-time, temporary basis to run An Grúpa each week with the support of an Irish Language Development Officer from local Irish language group, Glór Uachtar Tíre.

Trustee Selection and Management

Trustees or members of the Management Committee are adopted solely on the basis of a vote at the groups' AGM as outlined in An Grúpa's constitution.

Objectives and Activities

Charitable Objects

The object of GUT as set out in our Constitution is the following

The purpose of the group is to provide a regular meeting place for parents/ carers of young children, Mums-to-be and to provide fun activities for the children all through the medium of the Irish language in an informal environment.

Public Benefit Statement

The trustees of An Grúpa Tuismitheoirí agus Tachráin confirm that they have had regard to the NI Charity Commission's Public benefit requirement statutory guidance.

The public benefit requirement has informed the activities of An Grúpa in the year to September 30th 2021. In evaluating public benefit the trustees note that membership of An Grúpa is open to all who share an interest in pre-school development and the Irish language. Whilst we would encourage those with interest to join our ranks we also strive to make our services and facilities available to those with no back ground in Irish.

The direct benefits which flow from our object or purpose includes increasing the opportunity for locals to experience play and learning through Irish for their children and for the parents/carers themselves. The parents/carers get the opportunity to introduce their children to a new language and An Grúpa is often the first step for a parent considering educating their children through Irish. Regarding the benefits to the children, all the research shows that bilingualism has cognitive benefits for children.

These benefits are demonstrated by the fact that An Grúpa has been taking place successfully since 2011 and that the group is growing in numbers each year.

Additionally, the benefits are demonstrated through feedback An Grúpa receives in our event feedback forms from Parents and Carers.

The purposes of our charity will not lead to any harm. An Grúpa Tuismitheoirí agus Tachráin's beneficiaries includes the general population living within south east Down including Newcastle, Castlewellan, Dundrum, Clough, Hilltown, Rathriland, Ballyward and the surrounding areas. A private

benefit to trustees may arise from our programme of ongoing training programmes. Through this training trustees may gain skills and experience which are transferable to other settings such as First-Aid etc. These benefits are incidental and necessary to ensure the benefit is provided to our beneficiaries.
