

Trustee Report for AGM for year ending March 2024

During this period the organisation has not been active , mainly because we had still no access to a current bank account as Barclays had closed the account and despite numerous letters and phone calls being made the Bank were unwilling to open a new account and alleged that they received no correspondence or phone calls, even when we sent them an official complaint letter. The Trustees then agreed to seek another bank account with a different bank – Co-Operative Bank.

We still believe that there is a need for a regional led mental health service user network and we hope to start implementing a strategy to increase membership and plan for workshops and events in the coming year.

Signed

Maeve Mills , Secretary

Catherine McGroggan Treasurer
