Actively Transforming Youth and Community

Trustee's Annual Report

For period 17 June 2024 to 16 June 2025

Achievements

We are continuing to develop ...

Partnerships beyond our own groups, leading to relationships with others & creating a mutual community of interest and ...

Opportunities considering cross-community, cross-cultural, reconciliation and inter-generational work within a faith context.

This was represented by organising ...

(1) One Parent Family Residential Holiday (Saturday 24 August to Friday 30 August 2024) for **refugee / migrant families** in the Lake District / Lancashire, England. Involved - 2 leaders with 5 adults and 5 children from Nigeria, Mongolia, Lesotho, and Northern Ireland. The biblical teaching and diverse activities in a safe environment allowed them to spend valuable time together and with others - to relax and make memories.

(2) Single Parent Family Holiday Reunion Day (Friday 10 February 2025) (6 adults, 4 children). Reacquainting our clients and their children to enable them to continue their friendships back in Northern Ireland.

(3) Easter Picnic, Botanic Gardens, Belfast (Tuesday 22 April 2025, 2.30-4.30 pm) (6 adults, 5 children). The goal of this event was to foster good relations, mutual understanding, and acceptance of difference within a faith. Immigrant families were able to experience the local rich cultural history of their new homeland.

(4) Volunteering, Training & Development Opportunities. ATYC was involved in the following programmes, involving partner organisations...

- Local mentoring and development of leaders within our local team
- Leaders and other individuals through working with organisations in Great Britain.

(5) Mentoring programme, ongoing with 2 single parent refugee / migrant families involving ...

- Walks, picnics, visitation
- Emotional, psychological and family support

(6) Remote Learning and Support. Continuing to give emotional, psychological and family support to the following immigrants / foreigners after their return to their own country.

- **Ugandan Stella Lakisha** - mature student, living and working in Morocco.
- **Ghanian Jonathan Amoah** – mature refugee, returning home to his family.
