

Freedom Mandate has not been carrying out charitable work as there was a significant delay in us being able to open a bank account due to Covid. For this reason, we were not able to function as a charity and we paused any work.

We have nothing to report by way of charity accounts, trustee annual report and audit report for this period, as this would be blank.

We have since begun to progress the work of the charity as we were able to open a bank account with Danske.

Regards,

Jonathan Creighton  
Chairperson
