Aims & Objectives

IncredABLE Enterprises empowers individuals with learning difficulties to make choices, discover talents, realise passions, participate in community and become more independent. The organisation voluntarily runs a number of cafes that provide training, education and employment opportunities for people with autism and/ or learning difficulties.

The organisation's aim is to help people with autism and/ or learning difficulties to feel supported, valued and included whilst obtaining employment.

Financial Review

The results for the financial year are set out on page 9 and additional notes are provided showing income and expenditure in greater detail.

Financial Results

At the end of the financial year the charity has assets of £183,659 (2022 - £165,706) and liabilities of £105,944 (2022 - £58,552). The net assets of the charity have decreased by £(29,439).

Structure, Governance and management

The charity was set up in October 2019 as a company limited by guarantee constituted under the Companies Act 2006 and is also registered with the Charity Commission for Northern Ireland as a charitable company under ref NIC108216. The company is governed by its Memorandum and Articles of Association with the principal office of the company located at 162 Portadown Road, Richhill.

The trustees of the company are its directors for the purposes of charity law. IncredABLE Enterprises is managed by a board of voluntary trustees with experience working in the charitable sector. Trustees are elected and appointed each year and can include representatives from some of the regional statutory agencies with experience working with individuals with autism / learning difficulties. Trustees receive an induction process which includes an explanation of the current and future plans for activity within the charity and guidance on governance and responsibilities of a trustee.

The day to day management of IncredABLE Enterprises is delegated to a management team headed by Nigel Hampton, CEO, which reports to the Board on a regular basis.

The charity's main risk assessed by the board is cashflow and the ability of the company to meet payments when they fall due. A reserves policy has been developed to help smooth cashflow pressure in circumstances where funding ceases or is delayed.

Reserves policy

A reserves policy has been formulated to explain the rationale for holding reserves and the level of reserves that is appropriate for the charity. The trustees review this on an annual basis and believe a free reserve target of three months running costs would be appropriate, i.e.. Approx. £200,000.
