Achievements and performance

Coalisland & District Community Food Bank charitable activities remain to assist in the Relief of Poverty in the Coalisland & District area. We have successfully provided food support to everyone in our area who requested it. We are now an integral part of our community and rely mainly on the goodwill of our community to provide financial and food stuffs to allow us to deliver our program. In 2022 we received a Community Fund NI grant to employ a full time Manager and this role was filled in January 2023. The Manager ensures the daily management of the Foodbank and helps other small community (not for profit) groups, this assistance includes a Minute Secretarial service, assistance with completing grant applications and other reasonable duties. We also received Awards for All grants, and this allowed us to renovate our upstairs room, completely upgrade our heating and boiler, part renovate our main Foodbank Hall and upgrade one set of toilets. In 2023 we opened our Social Café, and we provide a warm space, with internet connection, for anyone to call in and avail of a free cuppa and a snack and if desired a listening ear, and this venture has become an integral part of our community, especially for many elderly people in our community. We use this space to hold events and offer it for rental to other not for profit community groups. We work with many other organisations in our area, and we signpost people to the various agencies who can assist them. Some of our trustees/volunteers are qualified Counsellors and are often on hand to offer advice when needed, free of charge. We would hope to get funding to provide a regular Counselling service for people who are seeking assistance and mental wellbeing.

In 2023 we decided to rebrand our name as Coalisland Community Hub & Foodbank aka 'The Hub', as this would be more inline with the many new activities we are offering to our community.

Financial review

The trustees conduct annual reviews of the appropriate level of unrestricted reserves. The purpose of this reserve is to provide stability for the charity to ensure that it can honour existing obligations, to cover unforeseen events beyond the organisation's control and to be able to continue its operations in the unlikely event of a significant fluctuation in expenditure and income. We aim to have general reserves of £30,000 to cover any unforeseen events such as Covid.

The present level of reserves available to the charity is considered more than satisfactory.
