I confirm that the accounts for Charities No: 108519 & 108566 have been audited and confirmed as correct for the period 1st July 2023 to 30th June 2024.

Both charities run on a Tuesday evening, in the same premises, by the same volunteers. They are currently working with one bank account as the local banks will not authorise a new account to separate them both (due to the account having such a small amount of transactions and turnover).
