Structure, governance and management

The committee communicate widely the vision, ethos and strategic direction of the pre school centre and ensure strong links with the parents and local community. The committee ensure the groups financial and human resources are deployed effectively and in the interest of the children.

Objectives and activities

Bawn Bunnies Playgroup is a committee led playgroup which provides a pre-school provision for the children of Hamiltonsbawn and the surrounding area. The Playgroup is based within the premises of Hamiltonsbawn Primary School and operates 5 days per week. The Playgroup employs 4 staff members and can currently cater for 20 children each day from the age of 2 years and 10 months. The Playgroup accepts children regardless of religion, race, ethnicity, ability or means.

The Group was established to promote a play-based learning environment for all children under statutory school age by associating the statutory authorities, community and

Achievements and performance

We are pleased to report that the charity operated at full capacity throughout the financial year. The Trustees are pleased at the level of service achieved and are optimistic that this will continue.

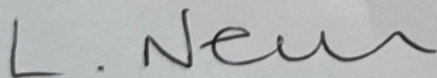

Public benefit

The public benefits that flow are that the pre-school children of Hamiltonsbawn and the surrounding area have a safe and stimulating learning environment to attend. Through attendance at the playgroup the children have the opportunity to develop and grow to reach their full potential which then results in improved development, language skills, social interaction and emotional well-being. By providing a play-based learning environment in which children can learn and develop in each of the 6 areas of the early years curriculum they have extensive opportunities to reach their full potential. The benefits identified above can be demonstrated through our annual inspection from the Southern Health and Social Care Trust, through demand for a space within the playgroup and also through feedback from parents/carers and other stakeholders.

Financial review

The playgroup relies on grant income for a substantial proportion of its income. In addition playgroup fees and general fundraising contribute to the day to day running costs. In the last financial year the organisation reported a deficit of £13,556 (2022 Surplus - £11,304). Reserves have decreased to £20,613 (2022 - £34,169).

The trustees' annual report was approved on 7 June 2024 and signed on behalf of the board of trustees by:
