Directors and Trustees' Annual Report

The directors and trustees are pleased to present their annual directors' report together with the financial statements of the charity for the year ended 31 December 2023 which are also prepared to meet the requirement for a director's report and accounts for Companies Act purposes.

Objectives and activities

The Principal objective is to raise funds to assist the community of Mulyata in the Copperbelt region of Zambia by providing food, clothing, medicine and assistance with education to the impoverished and the orphan children of the area.

Achievements and performance 2023

Mulyata Children's Mission are thankful for the continued blessing of its operations in Mulyata Village, Zambia. An amount of £48020 was forwarded to the Mission in Zambia. The feeding programme continues to meet the needs of 320 children, providing a nutritious meal on a daily basis, with an additional meal of breakfast for the pre-school children, to help raise the health and development of these children. The pre-school continues to provide a high level of pre-school education, along with fun and games to 30 children from the most impoverished families in the village. Further works have been carried out on the main water supply in the village with refurbishment of the main borehole, installation of solar panels and pump. This has brought great benefit to the health of the entire population of the village with the local medical staff reporting a massive drop in dysentery and other health problems amongst both children and adults in the village. A clean, reliable water supply has also been provided to the medical clinic, with the obvious benefit to the safe and hygienic operation of the clinic. Sanitary products are still being made available for the women and girls in the village, and we continue restock medications in the village clinic on a monthly basis as supplies are no longer forthcoming from government.

Objectives and activities

The Principal objective is to raise funds to assist the community of Mulyata in the Copperbelt region of Zambia by providing food, clothing, medicine and assistance with education to the impoverished and the orphan children of the area.

Further works have been carried out on the main water supply in the village with refurbishment of the main borehole, installation of solar panels and pump.
