

Dixon Park Residents Association.

We are a cross community group here in Larne. Over the years have always included everyone, in our group, to help all people regardless of creed or class. I believe this has helped the group to be the success it is. Our Residents have enjoyed trips out which also have been both educationally and a social outing. Some of the places we have visited include Glenarm castle, Glens of Antrim, Titanic centre, The Folk Museum, and in the Drop Inn Centre we regularly have Bingo evenings. Crochet classes, and pictures, videos, films, from the memories of Larne web site.

Outdoor Activities include the polytunnel where they take part in growing vegetables, plants and making hanging baskets. During the year there are meals for four weeks in a large centre where everyone has a dinner, sweet and cup of tea, but most of all they get chatting with friends and disabled youths of the area. This is a big help as a lot of the residents are elderly and not too mobile. During the year Fruit baskets are delivered to their doors and again this gives them a chance for a chat and for us to see if help is required for them. This is only a few of the things the group has been doing over the years,

Ann Marshall
