

Dixon Park Residents Association

Trustees report

We are a cross community group here in Larne. This year we have been inclusive of older people in the area as well as bringing together people of diverse race. The group is really successful working in an area of small pockets of deprivation (SPOD) and we thank the NIHE for their continued support.

This year was another successful year – we continued to do our social evenings, cinema days, drop in facility, outings, wreath making, jewellery making, country & western nights, gardening in the polytunnel, Christmas dinner and luncheon club.
