Charitable Objects and Public Benefit

The Charity's objects are the relief of poverty and sickness of people in Moldova and other parts of the world who are in need as a result of social, economic, medical, or health conditions, or natural disasters such as droughts, floods, or earthquakes.

In pursuing these objects, the Charity has had particular regard to the needs of the people of Moldova, in line with its governing document.

The trustees confirm that they have had due regard to the Charity Commission's guidance on public benefit. The activities undertaken during the year provided clear and direct public benefit by meeting essential needs such as food, heating, and social support for vulnerable individuals and families living in poverty.

Review of Activities and Achievements

During the reporting period, Blessed to Bless Limited focused its work on practical poverty relief for vulnerable communities in southern Moldova, particularly elderly people, individuals with disabilities, vulnerable families, and children.

Food Assistance

The Charity purchased and distributed food packs to vulnerable families, elderly individuals, and people with disabilities in the villages of Gotesti, Tiganca, and Ticheci, in the south of Moldova. These food packs helped address immediate food insecurity and reduced financial pressure on households living in poverty.

Winter Relief – Firewood Provision

During the winter months, the Charity provided firewood to vulnerable families, elderly people, and individuals with disabilities. Many beneficiaries lack sufficient income to meet heating costs, and this support was essential in helping them stay warm and safe during the cold season.

Hot Meal Provision

In addition to firewood support, the Charity provided hot meals for vulnerable elderly individuals during the winter months. This initiative addressed both nutritional needs and social isolation, offering dignity, care, and protection during the harsh winter period.

Support for Vulnerable Children and Young People

During the summer months, the Charity supported three local churches in running day camps for children from vulnerable backgrounds in the villages of Gotesti and Tiganca, in the south of Moldova. These camps provided a safe and supportive environment, structured activities, and opportunities for social inclusion for children affected by poverty.

The Charity also supported an overnight youth camp in Moscovei, enabling vulnerable young people to attend. Participation in this camp contributed positively to their emotional well-being, personal development, and sense of belonging.

Impact and Outcomes

- Helped alleviate food poverty for vulnerable families and individuals
- Reduced the risks associated with cold weather by providing heating resources
- Improved nutrition and well-being for elderly beneficiaries
- Supported the social and emotional development of vulnerable children and young people

All activities directly supported the Charity's object of relieving poverty and provided tangible benefits to those most in need.

Financial Review

During the year, the Charity's funds were applied solely towards achieving its charitable objectives. Expenditure was focused on food purchases, firewood, hot meals, and support for children's and youth activities.
