

Trustee Report

Progress has been very slow for the Ardglass Old School Committee project but things are now finally starting to move. Progress so far is summarised below.

An application for a Peaceplus grant was made to finance the renovation of the old school house in Ardglass. This grant was approved in October 2024. Since then, there have been numerous meetings between AOSC and Newry Mourne and Down council. Plans for the renovation requirements were discussed and slightly modified so planning permission would not be required for any part of the project. The plans have been finalised and have since gone out to tender.

It's hoped the renovations will be started and maybe even be completed before the end of this year.
