Activities

Activities: 'It makes grants, donations, loans, gifts or pensions to individuals','It makes grants, donations or gifts to organisations','It carries out activities or services itself'

Purposes: 'the advancement of education','the advancement of the arts, heritage, culture or science','the advancement of environmental protection or improvement','the advancement of animal welfare'

What the charity does: IOSF was inspired by observing otters in their natural environment in Scotland, and works to conserve all 13 species worldwide, through a combination of compassion and science. Using both land and water, otters are ideal environmental indicators, and their conservation ensures healthy environments for all species, including our own. Otter Hospital – on Skye caring for injured/orphaned otters from throughout UK & provide advice for people worldwide Education – courses for people interested in otters, talks to schools, natural history groups, etc Training – in survey techniques in UK. Training workshops for surveys/education in Asia and Africa Research – otter surveys, reducing otter road deaths Campaigns – combat the fur trade in Asia, supporting the call for ban on use of snares in UK International projects include Congo clawless otter (DR Congo), Asian small-clawed otter (Indonesia), hairy-nosed otter (Malaysia), neotropical otter (Central America) marine otter (Chile)

Beneficiaries: 'Children or young people','No specific group, or for the benefit of the community','Other charities or voluntary bodies'

Objectives: To advance the education of the public through an understanding of the Isle of Skye, its environment, geology, archaeology and to help conserve the wildlife, Flora and Fauna inhabiting Skye, and its environs by providing educational courses in Scotland and elsewhere in natural history, geology, archaeology and subjects concerning the preservation and conservation of the environment. by publishing

through advising on, producing, printing, reproducing and distributing books and films about the need for preservation and conservation of the world's wild places. and by acting as consultants to, or by promoting of advising on, study expeditions to areas of the Isle of Skye.
