APPENDIX 1

Achievements and performance

Summary of the main achievements of the charity during the financial period

The centre remains the heart and hub of all the activities and is still seen as a vital resource for the deaf community going forward.

After consultation with the members it was decided to re -locate from Glasgow city centre to the Calton area in the east end of Glasgow.

The main reasons for the move were that the rent was far lower and the centre already had many of the facilities the Charity requires.

During the year the Charity finished its work on the Heritage and Language project started in 2022.

The project focuses on the charity's heritage and a unique and rare variant of British sign language that was originally taught by nuns and daughters of the Charity and focused on one handed finger spelling.

Financial review

Brief statement of the charity's policy on reserves

The Charity's policy is to try and maintain reserves via fund raising events.

The unrestricted funds are used to maintain the day to day operations of the charity.

Details of any deficit

Donated facilities and services (if any)
