Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: When faced with life shortening illness, death and bereavement, the people of the Highlands deserve the best possible care and support. Our ambition is to ensure they receive this. Hospice care focuses on the individual and puts the needs of them and their families at the centre of decision-making. By managing their pain and other physical symptoms, we help make time and space for reflection, for gaining perspective and for achieving a measure of calm. Crucially, our team also offers advice with the emotional, social and spiritual issues that may arise and works with patients, families and carers at a time of transition to help them enjoy, value and commemorate life. As well as providing services direct to those in need, we work in partnership with local communities and support professional and unpaid carers by sharing resources and offering training and mentoring, so they can provide the best care they can. Highland Hospice services are free of charge to all those in Highland

Beneficiaries: 'People with disabilities or health problems'

Objectives: To promote alone or with others the relief of those in need by reason of age, ill health, disability, financial hardship or other disadvantage in such ways as the Company shall from time to time think fit
