Purposes: 'the advancement of health'

What the charity does: We are set up to support the health needs of the residents of North Berwick and surrounding area, initially by enhancing the services provided by the Edington Cottage Hospital to In-Patients and through its Minor Injuries Unit. Latterly we support the community through grants to specific health focused organisations and individuals (on request) and through purchasing and donating equipment to the local GP Health Centre and to the Physiotherapy and Vaccination services now based at the Edington.

Beneficiaries: 'People with disabilities or health problems'

Objectives: Purpose & Activities 3. The purpose of the Friends shall be the advancement of health of the residents of North Berwick and the surrounding area.
