Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: Support of anyone living with a disability or chronic health condition and their carers to have the same life chances as non-disabled. Based in a small office in Stirling, we support clients throughout the Forth Valley. Our volunteer advisors will take them through a start to finish process when applying for appropriate benefits. We will support our clients with access issues and housing issues. We can help with applications for small grants and refer to our local foodbank. If we are unable to help, we will signpost to other organisations - both voluntary and statutory - who can. Our support is objective, non-judgmental and free.

Beneficiaries: 'People with disabilities or health problems'

Objectives: 1 The organisation is established for charitable purposes only, and in particular, the relief of those in need by reason of disability or other disadvantage. In furtherance of this purpose the organisation aims to: 1.1 To provide a means of consultation and joint action among voluntary and statutory organisations concerned with the welfare of people with disabilities and of all ages. 1.2 to increase the understanding of the problems of disability and to encourage integration in its fullest sense between disabled and able-bodied members of the community. 1.3 to promote and encourage the provision and improvement of facilities and services and research. 1.4 to serve as a centre for collection and dissemination of information for those interested in the welfare of people with disabilities and 1.5 to focus attention on the needs and services available for able-bodied and people with disabilities by arranging and providing for the holding of exhibitions,

meetings, lectures and classes.
