Investment Policy:

17. The Trustees have the power to invest in any way they see fit but having regard to the soundness of the financial institution, and our Christian principles. Any funds that may be needed in the short term will be invested on that basis.

Reserves Policy:

18. The charity has a consistent income base, through donations from congregation members, some of which are by tax-effective means. Based on this income, we can plan confidently with relatively small reserves. The policy is to ensure that we have free reserves on hand, not designated for specific purposes or otherwise committed, equivalent to not less than 3 months working expenditure. At the year-end, the free reserves were roughly equal to nine months working expenditure, the increased reserves being built up to provide additional funds for a refurbishment of the property.
