Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health','the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: At Crossroads Lewis, we aim to meet the needs of carers and those we support as best we can. We are able to assess each individual circumstance and create a plan together with the families that is tailored to their needs. On average, families are supported with 2-4 hours per week of support. This can be across two days or in one slot if preferred. This time allows unpaid carers to attend to activities that they may not have otherwise been able to do while caring. This can be as simple as food shopping, other errands, appointments or they may choose to use the time to relax and unwind, go for a walk or visit friends. Our team of Support Workers take over the caring role and support loved ones in the comfort of their own home and in familiar surroundings.

Beneficiaries: 'Older People','People with disabilities or health problems'

Objectives: The objects of the Scheme are generally to carry out within the area in which the Schemem operates of the company, and in particular:- a) to relieve stress on the person or family caring for physically or mantally disabled or elderly persons, and: b)in appropriate circumstance to care for disabled or elderly persons living alone.

Geography

- **Main operating location:** Western Isles
- **Geographical spread:** Wider, but within one local authority area
