Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: CACE is a leading provider locally of social prescribing activities for older people. We have four main pillars: Non-Regulated Day Support, Group Activities, Befriending and Community Transport, all of which are available to older people in Cumbernauld and the Northern Corridor area of North Lanarkshire. The charity provides creative social based activities that aim to support older people to live well, to learn well and to help older people remember. We do this primarily in group settings and throughout community outings. We increase older people's socialisation and connections to their community, improve memory, confidence and their physical abilities, as well as self-esteem and self-reliance, all of which contribute to happier and healthier older people. This in turn increases the potential for older people to maximise their independence for longer. All of our service provision is delivered through a mixed economy of paid staff and skilled volunteers.

Beneficiaries: 'Older People', 'People with disabilities or health problems'

Objectives: The company's objects are: (a) To promote the welfare of vulnerable older people and their carers who are residents of Cumbernauld ('the Operating Area') (b) To advance education among the general public and statutory and voluntary bodies as to the needs of vulnerable older people and their carers (c) To promote and/or provide training in skills of all kinds, particularly such skills as will assist those who care for

vulnerable older people to improve the conditions of life of vulnerable older people from the Operating Area
(d) To promote, establish and operate other schemes of a charitable nature for the benefit of the community within the Operating Area.

Geography

- **Main operating location:** North Lanarkshire
- **Geographical spread:** A specific local point, community or neighbourhood
