Achievements and Performance

Garnethill Multicultural Centre has been a registered charitable organisation since 1989, a 36-year commitment to delivering community facilities & service delivery primarily within Garnethill & Dundasvale but covering the whole of Glasgow inner city. Over the past year, we have continued to build on our proven track record of providing a wide range of services, activities and events. As a community-led charitable organisation, we provide for the needs and aspirations identified by our proactive community owners. The community asset transfer of the Centre in 2020 from a

long term lease into community ownership has seen an even greater community interest in the Centre, with all community events, classes and activities well supported locally and often at capacity.

Increased funding and investment in the Centre over this financial year has allowed our community to build up a fresh range of activities which coexist and compliment our existing programme. The Centre continues to host: local community groups, resident & factoring groups, children's after school activities, older adults health & wellbeing activities, 3 community meals per week, 5 English classes, 6 addiction & recovery support groups, support for New Scots, refugees and asylum seekers, food Hub, cultural and support groups, various recreational and sports activities with a community health and wellbeing focus and a large variety of one-off events by other charities and cultural support groups.

As well as our regular weekly activities, we have had an additional 240 individual charitable organisations, community groups, housing associations, public bodies, residents' groups etc. book our venue for room hires and service delivery over the last year. We have also facilitated multiple weddings, funeral receptions/wakes, film location, music gig's, local election polling station, community cultural parties, ceilidhs, discos, craft fairs, magazine & book launches, financial awareness, community coding sessions, energy efficiency workshops, geocaching, Doors Open Day tours, art exhibitions, orchestra & band performances, sustainability awareness, dance shows, tool hire days, talks, community litter picking sessions, quiz nights, art exhibitions, coffee mornings, bring & buy, children's parties, NHS health awareness talks, community film nights and many fundraisers, to name but a few. Our city centre location and affordable room hire rates attract a lot of

rental enquiries, we unfortunately cannot accommodate all enquiries due to room availability, especially in the evenings when we are fully booked. We have seen an continued increase in our self-generated room hire income this year, we continue to work on this success. We look forward to bringing more useable & rentable space within the Centre as we continue to develop our capital repairs and funding project.

We are fortunate to see high numbers attend our regular weekly groups, over 1000 people per week attend the Centre. Room occupancy rates continued to grow with capacity levels still reaching 80% some months. Volunteering remains high within the Centre and the wider Garnethill community, with many residents volunteering regularly at weekly community activities and at our larger community events.

The Multicultural Centre is known within the Glasgow recovery community as the Rose Street Recovery Centre. We are the longest-serving Centre in Glasgow to offer a safe supportive space for anyone in recovery from alcohol or narcotics addiction. For 36 years, we have been dedicated to supporting our recovery community, with some of our original volunteers still attending weekly since we first opened. We take pride in helping so many Glaswegians find a positive recovery path away from addiction. However, as the number of people seeking support continues to grow, more funding is greatly needed to sustain and support all recovery groups in Glasgow.

We continue to foster great links within our local community. All voluntary organisations and residents groups operating in Garnethill have free use of our rooms for meetings and events, a great working and supportive relationship has been built up over many years with Garnethill Community Council, Garnethill Neighbourhood Watch, Friends of Garnethill Green Spaces, Garnethill Green Trail, Garnethill Climate Group & Garnethill Parents Association. With our development workers supporting the community capacity building of each of these groups. Strong partnership work within community organisations is important, as a community we value the importance of partnerships and strive hard to achieve this for the benefit of all in our community.

Our Community Health & Wellbeing team continue to focus on reducing isolation, fostering community connections, and improving the health & wellbeing of residents and service users by enabling them to participate in weekly activities and events as well as signposting and supporting them to access external opportunities, services, and information. We currently work in partnership with Glasgow University, Community Development Dept, Strathclyde University & Glasgow Caledonian University social work departments by providing supervisory supported five month placements for students. We have always aimed to foster an accessible and inclusive community environment where everyone can meet, support each other, and make life connections while sharing community skills and knowledge.

Trustees' Annual Report

Our Community Engagement & Development team continue to run activities/events and workshops in partnership with multiple charitable partners including; Generations Working Together, Isaro Community Trust, NHS, Community Infosource, Migrant Voice, Changeworks, The Living Solo Initiative, Glasgow Film Theater, Glasgow School of Art, North Glasgow Healthy Living Network, Wing Hong Elderly Centre, AlbScot, Zagros Kurdish Group, Glasgow Caledonian & Strathclyde University etc. Work has continued on a community City Centre Local Place Plan (LPP) working alongside three neighbouring community councils, this plan will help hopefully shape planning within the city centre. In collaboration with community councils & volunteers we undertook environmental work, improvements to derelict sites and addressed issues of graffiti, rats and flytipping. We organised community walkabouts with local MP's and City Councillors, conducted litter picks, and provided planting, planters and greening activities, all helping to create a greener Garnethill and Glasgow City Centre. Our continuing Climate Awareness Project saw us partner with SEN & Changeworks, where we continue to hold talks on energy efficiency in our homes and the impact of climate change in our community. Warm home packs and energy bill credits were gifted to low-income families.

Funding

During the year the Centre received grant support from a number of funders, including the Glasgow Community Fund (£25,448) and additional contributions from the Bank of Scotland Foundation, Paths for All, Generations Working Together, Glasgow City Council, GCVS and Glasgow Life. Income from hire fees totalled (£77,981) and a total of (£26,510) was spent on building repairs and improvements during the year.

Future Plans

Our tenement building is now 200 years old (2025), significant capital funding will be needed to continue to make our C listed heritage building wind & watertight. As our building is community owned, we seek to invest in our community owned asset and help enhance the built heritage within Glasgow City Centre as well as continuing to provide a much-needed Community Centre. Our development manager has been working alongside our management committee and appointed architects, Dress for the Weather, to finalise our building feasibility study & RIBA stage 3 design plans. We have applied to Glasgow City Council for full planning permission, when planning permission has been approved, we then hope to apply for large capital grants. The full repurposing costing reports have been completed, full renovation costs have been detailed at £1.5million. This is a significant sum, we are actively progressing our plans to implement the full renovation of a more accessible community building, which will bring 1.5 extra floors into use and more rentable & accessible spaces. Our Business Plan has also been updated to reflect the increase in room rentals & potential future income generation. Planning permission is a requirement for capital grant funders.

We thank all in our community for the continued support for our staff and volunteer teams. We look forward to the future and many more years of community support and healthy outcomes for our inner city community.

Reserves Policy

The Trustees continue to operate a reserves policy designed to protect the Centre in the event of

unexpected financial pressures and to ensure responsible financial management. A financial risk register is maintained to identify the level of reserves required to cover potential liabilities, including staffing, contractual obligations and operating costs.

Reserves are held in a designated account, and any year-end surplus not otherwise committed is transferred into this account to maintain an appropriate level of financial security. Both the reserves account and risk register are reviewed annually by the Treasurer and an additional office bearer, with input from relevant staff and committee members.

Unrestricted reserves at year end and the value required to meet our assessed risks will be updated once final figures for the period are confirmed. Any funds held above the agreed reserves level will support the continued development of the Centre and its services.

The risk register currently covers £1,436 for staff redundancy payments, £1,000 for contractual obligations and £50,000 for six months running costs. Unrestricted reserves at 31 March 2025 were £78,656, of which £59,869 is held in a separate reserves bank account and so the trustees are satisfied this aim is being met comfortably. Funds held in excess of this amount will be reinvested in the development of the organisation.
