Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of citizenship or community development', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: We aim to be the heart of the communities of Drylaw and Telford. We achieve this by running events and activities which the community want and need. Centre users are: - Educated and entertained = Fed and watered - Kept warm = Connected to other local people and able to increase their social networks = Welcomed when they arrive = Developing skills or learning new ones = Empowered to have a voice and are listened to - Able to shape the services/activities we deliver and have a sense of ownership of the Centre = Feel proud of their Drylaw Neighbourhood Centre.

Beneficiaries: 'Children or young people', 'Older People', 'No specific group, or for the benefit of the community'

Objectives: The objective of the Association is to address the social, cultural, economic, educational and environmental needs of the population of our defined community, particularly among the most vulnerable in our community. We do this regardless of anyone's age, ability, religion, race, gender identity, or sexuality. We operate for everyone. Our defined community covers the following postcode areas: EH4 2 (Drylaw, Telford, Craigleith), EH4 4 (Muirhouse, Siverknowes), EH5 1 (Waterfront) and EH5 2 (West Pilton, Pilton and Wardie). Our members face a wide range of challenges, including poverty, physical and mental health issues, social

isolation, learning disabilities, and mobility issues. Many are older adults, refugees, or members of ethnic minority groups. Every aspect of our work is designed to help relieve poverty, to improve mental health through tackling social isolation and to advance community development. We do this through the delivery of activities, events and services aimed to educate, entertain, inspire and feed our members.
