## Activities

---

**Activities:** 'It carries out activities or services itself'

**Purposes:** 'the advancement of education', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

**What the charity does:** At Apex Scotland we believe in second chances. We treat people with dignity, respect recognising and appreciating each of their individual circumstances, needs, concerns, fears, aspirations and dreams. We exist to help those with a conviction or who are at risk of offending, build a future beyond their past. We do this by reducing the poverty often faced, especially by children, supporting participants to access training and employment, and most importantly, using a person-centred and trauma-responsive approach for every participant. We help with accessing support services such as housing, addiction and financial assistance while also providing the tools, skills and experience to support someone to move on to their positive destination, particularly employment.

**Beneficiaries:** 'Children or young people', 'Other defined groups'

**Objectives:** The objects of the Company are to: 5.1.1 provide guidance, advocacy, skills development, and person-centred support, to enable individuals with experience of the justice system to take control of their futures and contribute meaningfully to their families, workplaces, and communities. and 5.1.2 advance education, skills development and employment opportunities for people with experience of the justice system to help them build a future beyond their past.
