Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: The main aim of the charity was to build and manage a residential care and respite facility for the elderly, infirm, disabled and convalescent patients. Now that Jura Progressive Care Centre is fully functional and partnership working established, we continue to be committed to developing care for the elderly and the wider community requiring day care facilities and respite on the Isle of Jura. To enable residents to live in their own community close to family, friends and familiar surroundings during age and convalescence. To promote voluntary effort to the benefit of the residents of the residential facility.

Beneficiaries: 'Older People', 'People with disabilities or health problems'

Objectives: To promote the benefit of, relieve the needs of, and further the health both physical and mental of elderly people on the island of Jura without distinction of political, religious or other opinions by the provision of a residential respite care home.
