Charity Trustees

[REDACTED] Grampian Opportunities Board Chairperson. Appointed May 2021 Chair since January 2023

I bring over 30 years of extensive experience in the health and social care sector, having held a range of leadership roles including service manager, project lead, and advocate across diverse areas such as short breaks, autism support, and community-based initiatives. My career reflects a deep commitment to person-centred care and inclusive practice.

In addition to my professional background, I have over three decades of lived experience in autism, shaped by her journey as a parent to an autistic son, now an adult. This personal insight informs my empathetic approach and strengthens my advocacy for meaningful support systems.

My entrepreneurial experience—having successfully run a children’s business—adds a valuable dimension to her skill set, particularly in areas of quality assurance, HR, operational management, and governance. This blend of commercial and care-sector expertise enables her to contribute strategically to the development and sustainability of Grampian Opportunities.

Driven by a passion to improve lives and create opportunities for individuals to thrive, I was drawn to Grampian Opportunities by its ethos and values, which closely align with her own. I am proud to support the charity’s mission by sharing my knowledge across both public and private sectors, and by championing inclusive, empowering environments for staff, volunteers, and the people the charity supports.

[REDACTED] Grampian Opportunities Trustee since May 2021

I joined the Board of Grampian Opportunities in 2021, bringing over 35 years of diverse professional experience and deep-rooted local knowledge, having lived and worked in the Grampian region throughout my life. My career spans land management, customer-focused retail leadership, and public service, currently serving as a trusted Elected Member of the local authority.

My strong connections across both business and community sectors give me a unique perspective on the opportunities available to improve lives and enhance the environment

we share. My insight into local needs and strategic development is a valuable asset to the charity's governance and future planning.

As a mother of three grown-up sons and a passionate advocate for inclusive communities, I am committed to creating nurturing environments where individuals are empowered to pursue their ambitions and live life to the fullest. My personal values closely align with the ethos of Grampian Opportunities, and I am proud to contribute my expertise across both private and public sectors to support the charity's mission, its dedicated staff and volunteers, and the people it supports.

Grampian Opportunities Trustee since May 2024

I am a respected and well-known businessman within the Grampian region, recognised for my strong moral values, commitment to ethical leadership, and deep-rooted family principles. With a longstanding reputation for integrity and community engagement, bringing a wealth of practical experience and strategic insight to the Board of Grampian Opportunities.

I joined the charity during a pivotal period of transformation, and played a key role in revitalising its physical environment—providing hands-on support to rebuild and enhance the premises, creating a welcoming and inclusive space for both staff and the individuals the charity supports.

My business acumen can support the Board, particularly at a time when many charities face increasing financial and operational pressures. I can contribute to the development of robust business plans and long-term strategies, ensuring the sustainability and resilience of Grampian Opportunities.

Our Vision

Empowering People, Strengthening Communities

We are delighted to introduce you to the work we do across the Grampian region to support individuals in living fuller, more independent lives.

Since becoming a registered charity (SCIO SC030396) in June 2000, we've grown and adapted in response to the evolving needs of our communities. By listening closely to the people we support—through steering groups and community conversations—we've reshaped our services to be more inclusive, person-centred, and impactful.

We're proud to deliver our work through four dedicated teams, each focused on a different area of support:

Day Service Opportunities

Helping individuals develop life skills, build confidence, and discover their talents through a wide range of activities. This service offers a safe and supportive environment where people can grow, connect, and thrive.

Therapeutic & Well-being

Supporting people facing mental health challenges with therapeutic activities and practical strategies. Our goal is to help individuals regain control, build resilience, and feel empowered in their everyday lives.

SIRD (Self-Directed Support)

We guide individuals through the self-directed support process, ensuring they understand their rights and options. We help prepare draft support plans, attend reviews, and advocate for fair and respectful treatment. We also host "**Our Voice Direct to You**", a group for parent carers and families that feeds directly into Scottish Government policy discussions.

Community Engagement

Focused on employability and inclusion, this team runs preparation courses that support people into education, training, employment, or self-employment. We also work with employers to ensure ongoing support for successful placements.

Beyond employability, we offer vibrant community groups open to everyone:

Lads' Club – A welcoming space for men to meet, chat, play games, and build models.

Get Creative – Led by a local artist, this group explores art through various mediums and projects.

Community Café – Held every second Wednesday, serving homemade cakes, coffee, and tea. All proceeds go directly to supporting our activities.

- Grampian Opportunities empowers people to believe in themselves
- Grampian Opportunities promotes fulfilment through meaningful activity programs, employability programs, enterprise and training

Board Statement

As we reflect on the past year, the Board of Trustees is proud to acknowledge the continued growth and resilience of Grampian Opportunities in what remains a challenging climate for the third sector.

In 24/25, we have seen a marked increase in organisational stability, the expansion of our networks, and a rise in the number of trained and dedicated staff. These developments, alongside growing community support and enhanced funding, have strengthened our ability to deliver on our mission.

This year also marked the development of a new strategic direction—shaped by listening to the voices of the people and communities we serve. This strategy provides a clear and purposeful roadmap for the future, ensuring that our work remains rooted in real needs and lived experiences.

Despite the ongoing pressures of the cost of living crisis, Grampian Opportunities has continued to enable individuals to make informed choices, take control of their lives, and pursue independent and fulfilling futures. Our projects and groups have remained vibrant and active, driven by the energy and enthusiasm of everyone involved.

We are especially grateful to our members, staff, and volunteers. Your unwavering commitment and collective effort have been instrumental in embedding our values and purpose more deeply than ever before. Together, we have laid strong foundations for the future.

On behalf of the Board, thank you for all you do to make Grampian Opportunities a place of hope, empowerment, and meaningful change.

Structure, Governance and Management

Grampian Opportunities (SCIO)

Grampian Opportunities (SCIO) was incorporated as a Scottish Charitable Incorporated Organisation on 03 April 2019 as a result of the conversion of the charitable company Grampian Employment Opportunities SC208239.

First registered as a charity from 19 June 2000, our Scottish Charity number SC030396 remains unchanged.

Over the past year, Grampian Opportunities has undergone a period of significant transformation, guided by the Board's commitment to strong governance and long-term sustainability. Following the previous year's decision to commission an external consultant to review the charity's compliance, systems, and delivery against its charitable purposes, the Board acted decisively on the findings. This included a full review of internal structures and the successful recruitment of a new manager after the previous post-holder stepped down due to ill health. The consultant, who initially led the organisational review, was appointed as CEO. Under their leadership, a new strategic direction was developed and presented to the Board, alongside the implementation of more robust systems and processes. These changes have strengthened our operational foundations and clarified our purpose. The foresight of the Board in initiating this process was pivotal. As a result, Grampian Opportunities is now better

Trustee Recruitment and Appointment

Trustee recruitment took place and two people were identified but unable to join the Board until after July 2024. Recruitment continues quarterly, however recruiting to Boards is a national issue discussed within Scottish Government. We are a rural Charity in the NE of Scotland which makes any recruitment a challenge.

Note: The maximum number of charity trustees is 11 and the minimum is 3.

The board may at any time appoint any member to be a charity trustee. At each AGM, the members may elect any member to be a charity trustee.

Achievements

- **Leadership Transition:** Successfully appointed a new CEO following the consultant's interim leadership, bringing stability and renewed focus.
- **Strategic Clarity:** Developed and adopted a refreshed strategy aligned with our charitable purposes and community needs.
- **Operational Strengthening:** Introduced improved governance, compliance, and reporting systems, ensuring greater transparency and accountability.
- **Staff and Volunteer Development:** Invested in training and support for our team, while recognising the vital contribution of our volunteers.
- **Partnership Growth:** Deepened collaboration with local authorities and health and social care partnerships to enhance person-centred support.
- **Sustainability Focus:** Secured critical funding through a successful emergency bid, allowing time to implement change and avoid closure.

These achievements reflect the resilience and dedication of our team, Board, and community. We are now well-positioned to build on this progress and continue delivering meaningful impact.

Networking / Making Connections

We continue to network and partner with other Organisations to enhance our delivery, support other Organisations by offering office space and trading skills. We currently work with, unpaid carers groups, debt agencies, AVA, Barnardo's, local groups, Gordon Rural Action, CAB, NHS, cornerstone, AHSCP and church groups

Accounts

The overall position for the year ended 30 June 2025, shows the Charity to be in a healthy position. The Board continue to direct instructions for the focus to be on future proofing the financial sustainability of the Charity.

Statement of the charity's policy on reserves

Our reserves policy review means we will hold two months minimum and ideally three months operating costs to ensure we have sufficient funds to maintain services and overheads until a sensitive handover is managed for all the people we currently support (staff, volunteers and supported people).

The timescale had been re-calculated and agreed due to the improved nature of the client group we support and the fact that our staff have successfully moved on and our newly recruited staff do not have the long-term conditions we previously supported.

This policy will continue to be reviewed annually and more often if circumstances change.

It is my responsibility to examine the accounts as required under section 44(1) (c) of the Act and to state whether particular matters have come to my attention.

Basis of independent examiner's statement

My examination is carried out in accordance with Regulation 11 of the 2006 Accounts Regulations. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeks explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and, consequently, I do not express an audit opinion on the view given by the accounts.

Independent examiner's statement

In the course of my examination, no matter has come to my attention:

1. which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 44(1) (a) of the 2005 Act and Regulation 4 of the 2006 Accounts Regulations, and
 - to prepare accounts which accord with the accounting records and comply with Regulation 9 of the 2006 Accounts Regulations
 have not been met, or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
