Activities

Activities: 'It makes grants, donations or gifts to organisations', 'It carries out activities or services itself'

Purposes: 'the advancement of education'

What the charity does: We are parents of kids at the school. In addition to promoting communication between parents and teachers, we raise money by holding events such as end of term parties and raffles. 100% of what we raise goes to the school to pay for things which benefit the pupils. We contribute to cost of school trips and buy senior school ties for leavers every year. Recently gave the school money to buy 3 new ipads. We also look for grants we can apply for which will give money directly to the school, and we have been trying to arrange for some construction companies in the area to improve the school playground.

Beneficiaries: 'Children or young people'

Objectives: To advance the education of the pupils attending the school by:-
• engaging in activities which support and advance the education of the pupils attending the school
• to promoting close co-operation and communication between parents and teachers
