Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of citizenship or community development', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: We provide information, advice and support to unpaid carers in Helensburgh & Lomond. We have a contract from Argyll & Bute Integration Joint Board for the delivery of services to carers in line with the Carers (Scotland) Act 2016. We support young and adult carers by making an assessment of their needs and personal outcomes, using an adult carers support plan or young carers statement, and if these meet the threshold of the Argyll & Bute Eligibility Criteria, we will pass the assessment to Social Work Staff who will consider providing a support package. The majority of carers do not meet that criteria, but we will offer them a range of preventative services, including information about their rights and entitlements, counselling, holistic therapies, legal advice, advocacy, addressing financial problems, and fuel poverty, participation in specific support groups, a wide range of activities and events for both adult and young carers to give them a break from their caring roles.

Beneficiaries: 'Children or young people', 'Older People', 'People with disabilities or health problems', 'Other defined groups'

Objectives: The objects of the charity are to promote, for the benefit of carers (as defined in Clause 6): (a) the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage by providing information, advice and support services within the area defined in Clause 4. (b) the advancement of the education of the general public, influential individuals and relevant organisations on matters relating to the social welfare of carers: (c) the advancement of citizenship through volunteering in the delivery of services. and (d) any other purpose that may reasonably be regarded as analogous to any of the preceding objects.
