Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health'

What the charity does: The objective of the charity is to protect the health of the general public by seeking to improve the quality of healthcare. We support our members in developing, implementing, and evaluating high-quality clinical practice guidelines worldwide, while promoting evidence-based medicine principles. As a network, GIN facilitates collaboration by supporting topic-specific Working Groups to create relevant tools for guideline developers. We also foster partnerships to reduce duplication of efforts and promote best practices in guideline development.

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: To protect the health of the general public by seeking to improve the quality of healthcare.
