What the charity does: North Glasgow Healthy Living Community (HLC) is a locally-based voluntary organisation working across North East and North West Glasgow. We support the creation of community-led healthy living opportunities and work with individuals to build capacity leading to improved community health and wellbeing. Local people are central to the success of our approach. Our communities are places where local residents have not benefited from the improvements achieved elsewhere. We strive to work with those communities to accelerate better outcomes for individuals and groups. We support local residents to engage and to ensure that they are at the heart of decision-making. Local people are central to the success of our approach. We have a successful track record in both running large funded projects including NHSGG&C Axis Health Hubs since 2013 alongside Wyndford Axis. funded by Glasgow City Council's Integrated Grants Fund.
