Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health'

What the charity does: Our centre provides both practical and emotional support for survivors of sexual assault and rape. We provide support education through our team of support workers who work to help survivors deal with the trauma and implement coping mechanisms to help them continue with their lives. We also provide advocacy support to those going through the judicial system which can be incredibly stressful for survivors. Our other main area of work is our prevention team who go out to schools and colleges to help educate young people and ensure there are more suitable discussions around consent and they understand the impact of their actions and behaviours. We work closely with other agencies, NHS and police to improve the services provided across all bodies and raise awareness within our community.

Beneficiaries: 'Children or young people', 'Other defined groups'

Objectives: To promote the welfare and relieve the distress of women and girls who have experienced rape and/or and form of sexual abuse or exploitation at any time in their lives.

Geography

- **Main operating location:** South Lanarkshire
- **Geographical spread:** More than one local authority area in Scotland
