Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of environmental protection or improvement'

What the charity does: The East Ayrshire Coalfield Environment Initiative (CEI) undertakes projects to restore and improve the environment of the East Ayrshire Coalfield and to promote awareness of the coalfield environment. These have mainly taken the form of restoring degraded peatland, creating pollinator habitats and engaging local residents with river health. In addition to running our own projects we offer support to other organisations who have aligned goals and participate in partnership projects which have a coalfield environment focus.

Beneficiaries: 'Children or young people', 'No specific group, or for the benefit of the community'

Objectives: To promote the conservation, protection and improvement of the environment for public benefit and promote a high quality environment within the Coalfield region that will be attractive to local people, visitors and investors. In furtherance of these objects, but not otherwise, the CEI shall seek: 1) To enhance the natural environment and landscape within the project area through partnership working and other interests, 2) To improve the access to and understanding of the environmental and natural heritage of the project area, 3) To raise public and political awareness of the environmental significance of the project area.

Geography

- **Main operating location:** East Ayrshire
- **Geographical spread:** Wider, but within one local authority area
