Activities

Activities: 'It does none of these'

Purposes: 'the prevention or relief of poverty', 'the advancement of education', 'the advancement of religion', 'the advancement of health', 'the advancement of citizenship or community development', 'the advancement of human rights, conflict resolution or reconciliation'

What the charity does: The charity receives donations from UK based donors for international transfer to support the work of Bolivian registered charity, Fundación Totai via which Foundation Totai achieves its charitable objectives of proclaiming the Christian faith through the provision and development of health and education services principally in the environ of Trinidad-Beni, Bolivia and the Amazon region and the relief of poverty of persons living in the same geographical area.

Beneficiaries: 'People with disabilities or health problems', 'People with a particular ethnic or racial origin', 'Other defined groups'

Objectives: (1) The advancement and proclamation of the full Gospel of Jesus Christ and the Christian Faith according to the Holy Bible principally in Bolivia and the Amazon region but also in other developing countries. (2) The relief of poverty of persons principally in Bolivia and the Amazon region but also in other developing countries or persons in conditions of need, hardship or distress and the advancement of human rights of such persons by the alleviation of people's needs, the fair treatment of workers, volunteers and service users (regardless of gender, nationality, creed or social status) supported by institutions or individuals who defend the concept of equality for all, human rights and international law. (3) The improvement and advancement of health by the provision of health services at affordable prices for individuals and communities with a special emphasis on provision of health care for people of scarce resources or who are in marginalised sectors of society or who have any type of physical, mental or emotional impairment and to

seek to reduce the burden of disease, collaborating with established and approved programmes, working within existing local health service frameworks and World Health Organisation guidelines for the promotion of health, prevention and early detection of disease and illness and the professional management of health conditions. (4) The provision and advancement of education for all regardless of gender, nationality, creed or social status in implementation of Christian values and cross-cultural knowledge alongside national curricular programmes working in and supported by educational or training institutions which are already established or by the creation of new institutions under relevant national law and to promote multi-lingual development.
