Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the saving of lives'

What the charity does: to provide emergency life-saving support by the use of CPR, defibrillation and oxygen administration, in the vital early stages before an ambulance can either be deployed or reach any casualty in our rural location. We are based in the community and can often reach a casualty before an ambulance, which may have to come from as far as 40 miles away. The scheme is run in conjunction with the Scottish Ambulance Service, who give us our initial training and specify ongoing regular refresher training. We aim to provide as much cover as possible and had been achieving 2 to 3 days per week, including overnight cover. We recruit new members to increase our cover. We run monthly refresher training for all members.

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: Tarland & Mid Deeside Community First Responders objectives are the protection and preservation of human life and the relief of sickness in persons residing in Tarland & Mid Deeside and its environs (defined from time to time in collaboration with surrounding Community First Responder groups), hereinafter to be called the area of benefit, in particular, but without prejudice to the generality of the foregoing by responding to emergency calls as determined by the Ambulance Control Centre triage arrangements extant at the time. We will operate under the governance systems of the Scottish Ambulance Service (SAS) under whose structures and indemnity arrangements we fall.

Geography

- **Main operating location:** Aberdeenshire
- **Geographical spread:** Wider, but within one local authority area
