Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of the arts, heritage, culture or science', 'the advancement of environmental protection or improvement'

What the charity does: To promote the Genus Rhododendron with education, instruction and practical guidance. This comprises of meetings, conferences and practical horticultural events. Databases are kept regarding important collections of species rhododendrons in Scotland. These include large estates down to small gardens.

Beneficiaries: 'Other defined groups', 'No specific group, or for the benefit of the community'

Objectives: The purpose of the Group is to support and encourage the conservation of all Rhododendrons species, by establishing collections of plants, held in Sub-section Groups, in specific gardens where the climatic and soil conditions are suitable for a particular Sub-section, and that this be an ever-expanding collection and encompass all recognised sub-divisions and known 'forms'.

Geography

- **Main operating location:** Highland
- **Geographical spread:** Scotland and other parts of the UK
