---

**Activities:** 'It makes grants, donations, loans, gifts or pensions to individuals', 'It makes grants, donations or gifts to organisations', 'It carries out activities or services itself'

**Purposes:** 'the advancement of education', 'the advancement of environmental protection or improvement', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

**What the charity does:** Stop Climate Chaos Scotland (SCCS) is Scotland's climate coalition, bringing together over 70 civil society organisations campaigning together on climate change. Together, we represent hundreds of thousands of people across Scotland and stand in solidarity with communities most affected by climate impacts around the world. We collaborate with our members to build strong public support for faster climate action. We use this support to encourage decision-makers to put in place fair, effective policies to reduce emissions. Our shared goal is for Scotland and the UK to take full responsibility for the past and present climate damage we have caused, leading to action that quickly lowers our emissions and moves away from our reliance on fossil fuels in a way that is fair and beneficial to everyone. Our governments must also provide meaningful support to help the most affected communities adapt and recover from climate impacts, in Scotland and globally.

**Beneficiaries:** 'No specific group, or for the benefit of the community'

**Objectives:** The objects of the Company are:- (a) the promotion for the benefit of the public of the conservation, protection, rehabilitation and improvement of the physical and natural environment. and (b) the relief of poverty and the improvement of the conditions of life in socially and economically disadvantaged communities. and (c) to advance the education of the public in relation to: (i) sustainable development. and

(ii) the prudent use of natural resources. and (iii) sustainable means of achieving economic growth and regeneration. and (d) to promote study and research into the aforementioned objects making the useful results available.
