Activities

Activities: 'It makes grants, donations, loans, gifts or pensions to individuals', 'It makes grants, donations or gifts to organisations', 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of health'

What the charity does: At Bliss we work to support every baby born needing Neonatal care. We do this by 1. Campaigning for change: Ensuring that national and local policy changes are delivered which improve the staffing, systems and investment in neonatal care. and which enable more parents to be at their baby's cotside and to play a hands-on role in their care and decision-making. 2. Supporting all neonatal families: Provide information and support for all families with a baby in neonatal care which helps them to be better informed, more confident, less isolated, and more involved in their babies' care and decision-making. 3. Improving care for babies: Drive excellent and equitable care for every baby in every neonatal unit. 4. Putting research into practice: Put parents' and babies' voices at the heart of research, and use new evidence to inform tangible improvements in care on the ground.

Beneficiaries: 'Children or young people'

Objectives: The objects for which the Company is established are, either acting alone or in Company with others and in such manner as the Company shall determine, to support the life of babies in distress at or in the period prior to birth or born prematurely or sick to increase the likelihood of their survival and to ensure that such babies have the best quality of life possible, and for this purpose to: (a) promote, fund and advance innovations in neonatal care. (b) provide support, information, training and funding for the parents, families and carers of babies born prematurely or sick. (c) campaign for improvements in neonatal services and on issues related to the health and welfare of babies born prematurely or sick and their parents, families and

carers. (d) procure, provide and maintain medical and other equipment and services and funds for the training of staff in operating such equipment and providing such services. and (e) undertake, promote, fund and advance research into the causes of such distress and related matters, the premature birth of babies and issues relating to the health and welfare of babies born prematurely or sick and to disseminate the results of such research to the public at large.
