Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of the arts, heritage, culture or science', 'the provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended'

What the charity does: From grass-roots youth work to award-winning productions, Tinderbox aims to ignite a spark in people – one which fills them with confidence, imagination and sense of possibility, and helps them achieve things they never thought possible. Our work uses music and the arts to bring people together and strengthen communities, providing exciting opportunities to those who need them most, and supporting young people to build their confidence, skills, self-esteem, and professional experience. Tinderbox offers a range of creative workshops, orchestra courses, arts residences and apprenticeship programmes. We provide a year-round programme working with hundreds of children and young people aged 10-25, from complete beginners to young professionals and all levels in between.

Beneficiaries: 'Children or young people'

Objectives: To advance education through providing workshops, rehearsals and performance opportunities for young people in music and the arts, through providing young people with opportunities for personal development and achievement, and through supporting young people's development of a range of life skills including group working, leadership and decision making. To advance the arts through promoting collaboration across the arts, developing strong links between young people and the wider contemporary arts scene, and promoting creativity, inclusivity, network-building and excellence in youth arts. To organise

recreational activities in music and the arts for young people, with the object of improving the conditions of life for these people.
