Structure, governance and management

Type of governing document

Craigie Community Sports Hub was registered as a Scottish Charitable Incorporated Organisation (SCIO) by OSCR on 22nd June 2012. The Constitution which acts as the governing document is dated 7th February 2012. Per the Constitution (as amended on 18th February 2013), the financial year for accounting purposes is 30th June in any year. At the outset the three named trustees above were nominated by the four constituent clubs prior to the submission of the application to OSCR to be registered as a charity.

Trustee recruitment and appointment

All trustees and committee members are members of the constituent clubs that make up the Hub. Trustees and committee members are elected / re-elected at the Annual General Meeting each year.

Objectives and activities

Charitable purposes

In accordance with the Constitution the charitable purposes of Craigie Community Sports Hub ("the Hub" or "CCSH") are:

1. to promote and develop community-based sporting activities for member clubs and local residents in the East End of Dundee and provide quality facilities and equipment which aid this end
2. to support the development of greater participation and a wider range of activities within expanded premises and linked to access to improving indoor and outdoor facilities

Summary of the main activities in relation to these objects

The Hub has a clear mission statement and a business plan both of which focus on the main purposes from its Constitution. In summary, elements from the statement and plan are:

1. to ensure opportunities are available to all and facilities are of a high quality and accredited as such through independent audit
2. to provide an approach which will engender community spirit, improve quality of life and pride in the area
3. to take account of personal circumstances of users and ensure that amenities are economically viable for all potential participants

APPENDIX 1

Achievements and performance

Summary of the main achievements of the charity during the financial period

During the year our main focus was around securing grant funding to enable us to renew the 3G pitch carpet after 9+ years of heavy use. A Business Plan for the future operation of the 3G pitch (including 3-year financial projections) was prepared and submitted to the SFA in June 2025 as part of a funding bid to the Scottish Football Facilities Fund. The total project cost, as set out in the Business Plan and funding bid, was £257,000. Grant funding of £128,500 (50%) was requested, with the balance of costs (£128,500) to be met from the Hub's own reserves. We were subsequently notified by the SFA that our funding bid had been successful. A specialist consultant was appointed to help manage the project and a contractor was selected following a competitive tendering process. Work commenced onsite on 4 August 2025 and the refurbished 3G pitch was handed over by the contractor on 10 September 2025. The actual costs / funding of the project will be fully reflected in our 2025/26 report and accounts.

The closure of our "near neighbour" Craigie High School in June 2025 (and its forthcoming demolition) presents the Hub with both challenges and opportunities going forward. A number of meetings were held with DCC technical officers to help us fully identify the implications around future site access, car parking provision and utilities connections. Also, the closure of the school frees up daytime lets of the 3G pitch which now become available for other users.

Following feedback from OSCR on our 2024 Annual Return, we have established an induction process for new trustees / committee members and have commenced a review of our governing document (constitution).

A grant of £725 was secured from DCC's Community Regeneration Fund. This was used to purchase uniform dance attire for a local youth group that operates out of Hub premises.

Member club DUSC continued to use the Hub's facilities to deliver the SFA-funded Extra Time programme which aims to support local football clubs and trusts to provide before and after-school and holiday activity clubs for primary school-age children from low-income backgrounds. DUSC support 30 local children from various backgrounds by providing an after-school service from 3.15pm to 6pm each weekday. Each child gets a healthy snack before participating in indoor / outdoor activities and then enjoys a hot meal before being collected at 6pm.

Financial review

Brief statement of the charity's policy on reserves

Total reserves at 30th June 2025 are £210,099, with the entire balance being classified as unrestricted. Trustees have agreed that the Hub will look to maintain a small general reserve of £15,000 to act as a cushion against unexpected or emergency costs, or shortfalls in income. The figure of £15,000 represents around 6 months normal trading income from rentals of the 3G pitch. The remaining balance of £195,099 has been ear-marked to renew the 3G pitch "carpet" after 8 to 10 years of operation. The funding bid submitted to the SFA included a contribution from Hub reserves of £128,500 (see above). The actual costs / funding of the project will be fully reflected in our 2025/26 report and accounts.

Details of any deficit

A total surplus of £11,727 was generated in the year to 30th June 2025, wholly related to unrestricted funds. As a result of this surplus, unrestricted funds increased to £210,099. Income from the rental of the 3G pitch and other Hub premises was in line with the previous year. The Hub again received a rental of c£10,500 from member club DUSC for their SFA-funded after-school project. The Hub continues to invest in its asset base with expenditure of around £18,000 in the year on the replacement, maintenance and repair of assets.

Donated facilities and services (if any)

The Hub is grateful for the continued support that it receives from the Sports Development team within Leisure & Culture Dundee and from the SFA who support our two original member clubs, DUSC and Morgan Academy FP AFC.

APPENDIX 1

Other optional information

Plans for the future-

Following the successful refurbishment of our 3G pitch, our attention now turns to addressing the implications of the closure and demolition of Craigie High School. Discussions are on-going with various partners to mitigate against adverse impacts on the Hub's operations. A particular concern is to ensure continuity of utility services once the school is demolished and discussions are on-going with the utility companies in this regard. We will also seek to secure alternative users for the daytime lets of the 3G pitch.

We aim to complete the review of our governing document (constitution) and also plan to refresh the membership of our governing body (committee) to maintain operational capacity following the retirement of some committee members.

We will also develop and implement a new pitch maintenance regime for our refurbished 3G pitch.
