ACHIEVEMENT AND PERFORMANCE

Charitable activities

The Glasgow School of Art Students' Association SCIO (GSASA) aims to empower all students to have a safe, supported, and rewarding time at the Glasgow School of Art. We strive to achieve this by increasing student participation and engagement in the provision of their education, representation, and activities.

Student Representative Council (SRC)

Campaigns Committee:

- A major focus of the organisation this year was the continued development of our Campaigns Committee, providing a vital space for students to champion their causes, build their communities, and strive for liberation and justice.

- We met regularly throughout the academic year, which culminated in our second annual Trans Healthcare Week of Events. This series of events, including a cabaret and club night, raised a total of £1,440 to support a trans-healthcare fund for our members. We also participated in the "Fight for the Night" campaign, a 16-day initiative against Gender-Based Violence, which included a collaborative protest and art exhibition. Furthermore, we initiated and facilitated a series of divestment discussions between GSASA and GSA to ensure student voice is at the heart of the institution's ethical investment policy.

Funding Committee:

- We have continued to refine the processes of our SRC Funding Committee to streamline applications, minimise the burden on student representatives, and ensure that it provides a helpful experience for students in their professional development. We have successfully dispensed £8,496.50 of funding to 48 student-led extra-curricular projects and have seen student interest remain high for this opportunity.

Societies Committee:

- This committee has been a vibrant space, led by the Vice-President and supported by the Community & Societies Coordinator, to enable societies to collaborate and share skills. We currently have 32 active student groups in total (23 societies and 6 sports clubs), with 4 new societies formed.

- The full list of societies is: Hill52 (Radio Society); Chinese Students Society, Muslim Students Society, StrikaFC (Football Society); Yoga Society; Macintosh Architectural Students Society (MASS); Christian Union (CU); 08. GRUPA (Central and Easter European Society); Set the Zine - a zine and publishing society; Climbing Society; Digital Assets Society/"Rule of 3D"; Scott Street (publishing); GSA Gallery Society; Film Society; Re:PRESENT - a society providing professional-styled talks and lectures; Volleyball Society; Palestinian Solidarity Society - a campaigning and cultural society; GSA Green Spaces - a student society developing green spaces on campus and the local area; Gardening Club; Animation Society; Free Writing Society; Copy Magazine; Music Society; Quilting Society; The Mack CAN - sustainability society; Rugby society; Queer society; Hiking society; Badminton Society; Sunflower Society - Disabled students society; BadFem Society - a feminist society; Dance Improv Society; and LAB Gallery society.

Academic Representation

- This year, the association conducted a consultation and reform by shifting the role of the Vice President to Vice President Education. This change was undertaken to address a growing demand for academic representation and to better align the sabbatical team's responsibilities with the current needs of the student body and the organisation. Specifically, the building, bar, and commercial venue management was handed back to the institution, which has a trusted catering provider run it. The newly created role of Vice President Education (VPE) is now dedicated to championing students' academic interests, advocating for educational quality, and leading on student partnership in learning and teaching. The proposal was passed by the Student Representative Council before this year's elections, marking a key development in our governance and our commitment to enhancing the students' academic experience. This role was the most contested role in recent years, with 6 nominees.

ACHIEVEMENT AND PERFORMANCE

Fundraising Activities

Elections:

- The timeline of elections was altered, following approval by the Board of Trustees, meaning our new Sabbatical Officers were elected in March 2025. This year's elections saw a record-breaking level of engagement, with 8 candidates running for sabbatical roles and a total of 668 votes cast.
- Alongside the elections, we successfully gained a mandate for affiliation to the National Union of Students, with 471 students voting in favour.
- [REDACTED] will be the Student President, and [REDACTED] will be the Vice President Education for 2025/26.

Forres Campus:

- The Sabbatical Officers also visited the Forres campus, met with staff and students, and discussed how to enhance student engagement and support Forres students and representatives moving forward.

Union Awards:

- This year, GSASA has been working in collaboration with UCU, Unison, Unite, the GSA Library Services, and the GSA Learning and Teaching departments to develop the inaugural Union Awards. This initiative aims to celebrate the partnership and solidarity within our community, recognising the outstanding contributions of teaching, workshop, and support staff, as well as our dedicated student representatives and volunteers. Evidence from student feedback highlights a strong appreciation for staff who empower students, foster a sense of community, and provide engaging learning experiences. Following consultation with the Student Representative Council (SRC), a series of award categories has been developed, including 'Active Class Rep Award', 'Helpful Studio Assistant Award', 'Inspirational Tutor Award', 'Inspirational Technician Award', 'Most Improved Society', and 'Strongest Campaigner'. The in-person awards ceremony in June provided a valuable opportunity for students and staff to celebrate the achievements of the GSA community together.

Freshers Week 2024

- Our programme for Freshers Week 2024 was filled with free skill-sharing and community-building workshops and socials, and the demand for places was very high. At our Freshers' events, students took part in a Green Spaces Workshop, a Ceilidh Night, and a Roller Rink, among many other activities. Many of these workshops were facilitated by GSA recent graduates, alongside current master's students, GSASA Societies, and external partners. The GSASA team has also worked hard to reinvigorate our 'GSASA Guide' for the upcoming academic year, which introduces students to the functions of their Students' Association.
- In addition to workshops, screenings, and socials, there was a packed Freshers' Fair where 889 students met 39 student societies, local services, community groups and businesses.

The Vic Cafe and Bar

- The return of the Vic Bar has been a significant success for the students this year. The Vic officially opened at the end of January 2025, operating in partnership with the Dundee University Students' Association (DUSA). This has been a successful partnership, and we are seeing a high turnover of students in the space, which has hosted events such as ceilidhs and fundraisers. The Vic operates as a safe space open in the evenings, where students from different schools can meet and socialise, work on extra-curricular projects, and address some of the challenges of isolation faced by GSA students. This project has also enabled us to provide multiple opportunities for student employment, including bar, event, and technical staff.

ACHIEVEMENT AND PERFORMANCE

Events and activities

We have continued the highly successful Christmas Market ñ an event for student crafters and makers to sell their work in a safe, student-centred environment. Led by the Vice-President, with support from a group of students and the GSASA team, the market took place on the 28th and 29th of November in the Assembly Building and featured over 60 student sellers. This was followed up by a smaller scale Spring Market. Examples of other student-led events from 2024/25:

- Burns Night Ceilidh (359 bookings)
- Spring Ceilidh (112 bookings)
- GSA Fashion Show After Party
- International Women's Day embroidery workshop
- Chinese New Year celebration

Project Spaces

- Thanks to a small pot of 'Friends of GSA' funding, we were able to welcome 10 different student-led projects (largely exhibition-centred) from students across GSA to the project spaces in the Assembly Building during the academic year, including the "assemble exchange crit program," a crit series open to students across GSA.

Night-life Activity

- The Sabbatical officers led a wonderfully successful, sold-out Halloween Club Night on 31 October. The event was a collaboration between GSASA and DUSA, selling 834 tickets. In addition, the building and stages were decorated and designed by a group of GSA students. Additionally, we have hosted several ceilidhs and other social events. The degree show afterparty was a celebration across all three floors of the GSASA Assembly Building after the GSA undergraduate degree shows. This is a space for all schools and departments to come together.

ACHIEVEMENT AND PERFORMANCE

Internal and External Factors

- The Students' Association welcomed the new sabbatical team, President [REDACTED] and Vice President [REDACTED] for their formal start in August 2024. We also welcomed a new Charity Director, [REDACTED], in October 2024.
- Culminating in the May 2025 block grant application, we have undertaken significant operational and governance improvements. GSA approved a cost-of-living increase in the block grant provision, which will help maintain business as usual.
- We have also begun rebuilding our internal operations and finance systems, and have worked with trusted suppliers in the students' association and third sector, such as Law at Work, to ensure employment compliance for the sector. This work was made possible by GSA's grant provided for the policy project.
- A significant consultation and reform regarding the role of the Vice-President was also completed to improve engagement and provision of services for students' needs.
- The Sabbatical Officers have attended committees and meetings of the GSA Board of Governors, Staff-Student Consultative Committees, Boards of Studies, the Learning and Teaching group, the Student Partnership Group, the Education Committee, the Academic Council, and other relevant bodies.
- The Sabbatical team has a large time commitment as governors and representatives within GSA, before they can begin their numerous other responsibilities for their constituents. This is something we are continually reflecting upon in GSASA, with GSA.

Board of Trustees

- We recruited 3 new student trustees in January 2025, who received a full induction in March 2025. We have continued to meet regularly, with 4 meetings in total over this period. This cycle has seen the board negotiate a lease, transition to sabbatical roles, renew a relationship agreement, contribute to strategic developments through GSA's strategic committees, engage in block grant negotiations, and manage recruitment, as well as make key decisions regarding the activities of the building and the association.
- We are very grateful for the hard work of the GSASA team, Board of Trustees, and critical partners in 2024/25, which has led to a notable increase in the use of the building, active student engagement, and a roster of exciting activities. We also look forward to the structural developments made this year, which will provide stability for the Charity and enable us to fulfil our charitable objectives to an even higher standard.
- Finally, the Board of Trustees would like to thank our principal funder, the Glasgow School of Art. Their continued financial support and collaboration are fundamental to our success. We also wish to thank our critical external partners, particularly DUSA, for their partnership in revitalising our student spaces, and the National Union of Students for their expertise in student associations and governance. The achievements of this year would not have been possible without this network of support, and most importantly, without the energy, creativity, and engagement of our students.

FINANCIAL REVIEW

Reserves policy

The Board have examined the Association's requirements for reserves considering the main risks to the Association. The policy is to build up reserves to meet the working capital requirements of the Association to protect the Association in the event of a significant drop in funding or significant drop in trading income. The Board consider the ideal level of reserves to cover unplanned expenditure would be in the region of 3 months running costs, based on the expenditure for the year to 31 July 2025 this equates to £80,281 (2024: 85,295).

At 31 July 2025, unrestricted general reserves stood at £110,936 (2024: £72,931). The trustees are satisfied that this policy is currently being met.

The Glasgow School of Art has committed to continue to support the Association via its block grant for the foreseeable future and thus with this continued support, the Board are satisfied that there are adequate resources in place to continue to fund the Association's operations.

**Independent Examiner's Report to the Trustees of
The Glasgow School of Art Students
Association**

I report on the accounts for the year ended 31 July 2025 set out on pages nine to eighteen.

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts in accordance with the terms of the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006 (as amended). The charity's trustees consider that the audit requirement of Regulation 10(1)(a) to (c) of the Accounts Regulations does not apply. It is my responsibility to examine the accounts as required under Section 44(1)(c) of the Act and to state whether particular matters have come to my attention.

Basis of the independent examiner's report

My examination was carried out in accordance with Regulation 11 of the Charities Accounts (Scotland) Regulations 2006. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

Independent examiner's statement

In connection with my examination, no matter has come to my attention :

- (1) which gives me reasonable cause to believe that, in any material respect, the requirements
- to keep accounting records in accordance with Section 44(1)(a) of the 2005 Act and Regulation 4 of the 2006 Accounts Regulations; and
 - to prepare accounts which accord with the accounting records and to comply with Regulation 8 of the 2006 Accounts Regulations

have not been met; or

- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
