Purposes: 'the promotion of equality and diversity', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: To improve mobility to enable disabled people to take a more active role in their community and live a life with dignity, respect, choice and independence. To support disabled people by providing, free of charge, a means for them to gain access to their homes or place of residence and other buildings. Being available to contribute to Ukraine, Scotland and other countries on consultations and discussions concerning accessible environments for disabled people, thus contributing to treating disabled people equally in society even if that means treating them more favourably. Beneficiaries: 'Children or young people', 'Older People', 'People with disabilities or health problems', 'People with a particular ethnic or racial origin'

Objectives: 1. The promotion of equality and diversity by: a. Supporting disabled people by providing, free of charge, a means for disabled people to gain access to their homes or place of residence and other buildings. c. Being available to contribute to Ukraine, and other countries, on consultations and discussions concerning

accessible environments for disabled people, thus contributing to treating disabled people equally in society even if that means treating them more favourably. d. Providing, from time to time, the same services to disabled people in other countries who are equally disadvantaged because of their disability. 2. The relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage by: a. Contributing to the relief of life restrictions of disabled people by working with other organisations to ensure the standard, delivery and security of wheelchairs and mobility aids to those in most need in their respective communities. b.
