## Activities

---

**Activities:** 'It carries out activities or services itself'

**Purposes:** 'the advancement of education', 'the provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended'

**What the charity does:** So many people are not safety conscious, perhaps because the individuals have not lived in an urban setting before coming to reside in the UK or language barrier may account for this. At Safety Awareness Glasgow we help them before they walk into dangers or before they are the cause of a danger within their communities of residence. A safe society is a prosperous society. Safety Awareness Glasgow is an unincorporated charity, we provide basic health and safety awareness sessions through workshops and events covering issues like: personal safety, home safety, climate-change awareness /environmental safety, social-media/cyber safety, oral-health safety and many others. We do so by delivering funded (free to beneficiaries) workshops that raises the awareness of basic safety matters either by self referrals and by working in conjunction with other local organisations

**Beneficiaries:** 'Other defined groups'

**Objectives:** To coordinate and deliver health and safety awareness workshops in Glasgow, with particular emphasis on ethnic minority groups, who have little or no understanding of basic health and safety awareness. this will advance their education on health & safety. The promotion of various UK annual nominated safety week community campaigns in Glasgow, raising awareness of home safety week, fire safety week, road safety week, child safety week etc. again particular emphasis will be on ethnic minority

groups recently settled in Glasgow . this is due to their lack of awareness of basic health & safety, primarily due to the language barrier and the cultural emphasis on health & safety within Scotland, that isn't recognised as being as important within their home countries. also many are used to living within a rural rather than urban environment. To organise and deliver various community, recreational and leisure programmes throughout the year for our members, with the aim of countering social isolation and promoting integration. Through delivering this object we will promote equality and diversity as we will provide our members with the opportunity to become more engaged in their local community, countering social isolation and promoting integration. we envisage our members will be from different cultures and religions.
